

LICENSED CMMC SERVICES

Ariento is an authorized CMMC third party assessor organization (C3PAO), a member of the National Security Agency (NSA) Cybersecurity Collaboration Center Defense Industrial Base (DIB) security program, and a partner of each of the vendors listed below. For each, we provide our licensed CMMC/NIST 800-171 compliant baseline configurations with corresponding documentation templates and training via our Learning Management System (LMS). Our Licensed CMMC package has passed numerous DIBCAC and C3PAO assessments and we update it annually so you can stay on top of regulatory & vendor changes. Join us today and experience why we're the #1 combined CMMC managed service provider and authorized C3PAO. If you are a vendor and would like to join our licensed CMMC program, please [contact us here](#).
